

June 14, 2023

To whom it may concern:

Delta Electronics Manufacturing Corp. follows the requirements set by the REACH regulation (EC) No.:1907/2006, Annex XVII and Annex XIV. We are closely following any modification of said regulation as well as the current candidate list of Substances of Very High Concern (SVHC's). The European Union's European Chemical Agency (ECHA) has determined that these substances involve health and environment risks. There are currently 235 entries on the candidate list of substances of very high concern which was last updated on June 14, 2023.

Delta confirms that some of our products contain the substance Lead (Pb) EC #231-100-4, CAS #7439-92-1. Copper and brass alloy materials contain up to 4% Lead (Pb) by weight.

None of our products contain any of the other substances identified on the candidate list.

Sincerely,

Mark Reagan
